Mindful Audio Solutions to Enhance Everyday Experiences

Lifestyle audio portfolio

AVID®
An Employee-Owned Company

We are dedicated to being the worldwide partner of choice for audio solutions that transcend markets.

The founders of AVID were innovators. They aimed to bring sound and technology to as many aspects of our lives as possible. AVID, an employee-owned company, keep this legacy alive today, through our audio solutions and technology based in quality, innovation and value to enhance everyday experiences in all aspects of life.

Remarkably simple designs paired with years of audio innovation come together to bring you our most in-demand headphones, earphones and earbuds. These thoughtfully developed audio solutions promote listening and connection.

Time-proven and easy to use, these essentials transcend markets; healthcare, hospitality, travel, multifamily, government and more. They are the perfect companion to your lifestyle and everyday happenings. Whether you are traveling, working out, relaxing or on the road to recovery, we are the connection between person and device.

Our employee-owners share a passion for excellence in all that we do. Understanding the experience starts with you and providing the support that leads to your success.

You're not just another customer. We value partnerships and are with you every step of the way!

The AVID Team is with you every step of the way!

Lightweight earphones and earbuds are ideal for anyone who loves music or podcasts for a more immersive listening experience.

There's one key difference between earbuds and earphones — earbuds sit outside the ear, letting in surrounding noise to allow for more mindfulness of one's surroundings which are ideal while traveling or commuting. Earphones go in the ear which allows you to hear more of what you're listening to at a low and safe volume.

These essential audio products make a perfect companion to keep up with everyday experiences in any environment.
